2019

Holiday Giving Guide

A resource for supporting our community during the holiday season.

VOLUNTEER FAMILIES,

Welcome to the Generation SERVE community! We are developing generations of community-minded leaders and we are excited for your family to get involved.

The holiday season is a wonderful time to support your local community with your time, energy, and resources. This guide will provide you with opportunities for your family to make a real difference for 55 local nonprofit organizations in the areas of animal care, children, education, environment, health, poverty, refugees, and senior support.

We hope this is just a starting point for your family's volunteer efforts! Generation SERVE offers ways to get your children and family involved in community service year-round. Our programs fall into the categories of Family Volunteering, Service Learning, and Teen Leadership. Take a look on the next page at the descriptions of these three programs and learn more at **generationserve.org**!

Thank you for giving back as a family to the city that we all love!

Amy Loar
Executive Director
Generation SERVE

PROGRAMS

Family Volunteering

We partner with over 100 nonprofit organizations and facilitate family volunteering activities nearly every day of the year. Our Family Volunteering Activity Calendar can be found at **calendar.generationserve.org**. We have opportunities available for families with kids of all ages. We hope to see you at a volunteer activity soon!

Service Learning

Third through fifth graders participate in our Service Learning Program to dive deeper into a particular service area, learning alongside peers, brainstorming solutions together, and volunteering with their families. This program is offered in the fall and spring. Visit **generationserve.org/servicelearning** to learn more and to get your child involved in Service Learning!

Teen Leadership

Each summer, teens in our Teen Leadership program complete leadership training and help lead our Family Volunteering Activities. These teens have the opportunity to co-lead and lead our activities and serve in other youth leadership roles within our organization. Out of these programs, we have developed additional opportunities for teens, like our Teen Advisory Board and Teen Service Days. Learn more at **generationserve.org/youthleadership**.

SERVICE AREAS

These icons will be used throughout the guide to indicate the service areas for each nonprofit organization. If you are looking to support one of these particular service areas, use these icons to find the opportunities that are right for you.
